## INDICATION FOR OIL EXCELLENT SAYS A. B. HALL

Oil at Fish Lake valley is only a question of a short time, according to the belief of A. B. Hall, well-known mining engineer and geologist. Mr. Hall and C. C. Book visited the seat of drilling operations Sunday, and while at the well made a chloroform test with most surprising results. A large circle of oil was found on the paper following the application of chloroform.

"There seems to be little question concerning the ultimate outcome of the drilling operations at Fish Lake," remarked Mr. Hall this morning. "If nothing happens to interfere with drilling, I anticipate that a good flow of oil will be encountered shortly. Drilling progress is slow owing to the hardness of the formation through which the drill is now passing, and about 10 feet a day is the result of the big drill in eating its way into the earth. A change may take place at any time, and when that change does take place it need prove no surprise if oil in commercial quantities is encountered."

Mr. Book also is highly enthusiastic over the possibilities of oil at Fish Lake.

## PENNSYLVANIA HAS SPLENDID TEA CROP

(By Associated Press)

READING, Pa., Oct. 11.—It is not generally known that Pennsylvania has a tea crop indigenous to the Blue Mountain region near here, and which largely supplants the use of the oriental tea in several counties of this section. The crop is now being gathered and tons of the tea are being packed and dried for winter use.

## CAMP OF MOREY NOW RECEIVING NEW ATTENTION

The old Morey district, situated 120 miles northeast of Tonopah in the Hot Creek range of mountains, is the latest mineral region to attract attention. Famous years ago as a section of great richness by reason of the heavy production from the Morey mine, the district gives promise of again receiving well-deserved attention.

The first company to be incorporated is the Nye-Morey Mining company, controlling the extensions of the Morey group of claims, and already plans are fast maturing for the inauguration of development upon the holdings, which are said to make a wonderful surface showing. W. R. Gibson and E. A. Nye, accompanied by two investors, left Sunday morning for the district with a view to looking over the property controlled, and upon their return full details concerning the future development and management of the new company will be made known.

The Morey mine is credited with a production of more than \$1,000,000. At one time there was a thriving little mining camp situated there, but owing to litigation that developed the property was closed down and when the smoke of battle had cleared away there was nothing remaining but a few dilapidated shacks. The Morey mine is owned by Bernheim Brothers of New York, and no attempt has been made to do any development for nearly a quarter century. It is said the Morey mine contains large reserves of low and medium-grade ore which could be handled profitably under existing conditions.

To reach the Morey district the Hot Creek road is followed, and upon reaching Hot Creek one travels

## PLACERING AT LOG SPRINGS IS NOW POPULAR

There is a great deal of activity at Log Springs 18 miles south of Lida, and near the California state line, and Laughlin and associates who are making ready for extensive placer operations, are employing a force of 25 men. Archie Connors, well-known miner, returned Sunday night from that district, and says he was surprised at the activity that is manifest. "Army tents have been provided," remarked Mr. Connors, "and dams are being constructed preparatory to starting operations with a steam shovel. Great quantities of cement are being delivered on the ground, and it is evident that those in charge of operations mean business. The district is unquestionably one of richness and from sampling the deposits it has been found that they can be made to pay handsomely."

## ONE-LEGGED MAN IS WONDERFUL WALKER

(By Associated Press)

LOS ANGELES, Cal., Oct. 11.—Newark, N. J., to Los Angeles is a long hike, and Warren A. Hogle claims an unusual record, walking 2698 of the 3627 miles, and negotiating the distance in 53 days, on one leg. He made it on crutches, he said, and averaged 50 to 60 miles a day, with the 353 miles of auto trips included.

His 20 miles farther to reach the Morey mine. The outcome of developments that are promised for the future will be watched with interest by all who have the good of Nye county at heart.

## TOURNAMENT OF GOLF IN CALIF. NEXT JANUARY

(By Associated Press)  
LOS ANGELES, Cal., Oct. 11.—The California open golf championship tourney will be played January 15, 16 and 17, next, on the course of the Wilshire Country club here, according to an announcement made by D. Scott Chisholm, secretary of the Southern California Golf association.

The open championship tourney, it was said, will combine what was heretofore known as the state and southern open meetings, the only distinction being that the former was held in the north and the latter in the south.

By amalgamation of the two tournaments, officials of the association hope to have a distinguished list of entries as well as larger purses for which the pros may strive, it was announced.

## PEACE PARLEY LIKELY STRIKE OF RAILROADS

(By Associated Press)

## Nix on the "Parley-Voo" stuff!

A FRIEND of mine  
WHO COULDN'T speak.  
A WORD of French.  
WENT TO Paris.  
AND THE first time,  
HE HAD to get  
A HAIRCUT and shave.  
HE PRACTICED an hour.  
MAKING SIGNS.  
IN THE looking glass.  
SO THE French barber  
WOULD UNDERSTAND him.  
AND THEN he went in,  
AND WIGGLED his fingers,  
THROUGH HIS hair  
AND STROKED his chin.  
AND THE barber grinned,  
AND FINISHED the job.  
THEN MY friend thought,  
HE'D BE polite.  
SO HE gave the barber  
AN AMERICAN cigarette.  
WHICH THE barber smoked.  
AND MY friend pointed,  
TO HIS mouth.  
AND SAID "Likee you."  
AND THE barber roared.  
AND SAID "You BET."  
I USED to smoke 'em.  
WHEN I worked.  
IN INDIANAPOLIS.  
AND BELIEVE me,  
THEY SATISFY!"

HERE'S a smoke that talks  
in any language and needs  
no interpreter. Light up a Ches-  
terfield, draw deep—and more  
plainly than words your smile  
will tell the world "They Sat-  
isfy." It's the blend that does  
it—and you can't get "Satisfy"  
anywhere except in Ches-  
terfield, for that blend can't be  
copied!
